Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is 6
notified that such property may present exposure to lead from lead-based paint that may place young children at 7
risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, 8
including learning disabilities, reduced intelligence quotient, behavioral problems and impaired memory. Lead 9
poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is 10
required to provide the buyer with any information on lead-based paint hazards from risk assessments or 11
inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk 12
